

periods of time, or the screen may be marked with that image.

- **Allow mock locations:** Check to permit a development tool on a computer to control where the phone believes it is located, rather than using the phone's own internal tools for this purpose.

5.8 Accounts & sync settings

Use the Accounts & Sync settings to add, remove, and manage your Google Accounts and other accounts. You also use these settings to control how and whether applications send, receive, and sync data on their own schedules, and whether applications can synchronize user data automatically.

5.8.1 Accounts & sync settings screen

- **Background data:** Check to permit applications to synchronize data in the background, whether or not you are actively working in them. Unchecking this setting can save battery power and lowers (but does not eliminate) data use.
- **Auto-sync:** Check to permit applications to synchronize data on their own schedule. If you uncheck this setting, you must touch an account in the list on this screen, press Menu , and touch Sync now to synchronize data for that account. Synchronizing data automatically is disabled if Background data is unchecked. In that case, the Auto-sync checkbox is dimmed.
- **Manage accounts:** The rest of this screen lists the Google Accounts and other accounts you've added to the phone.
If you touch an account in this screen, its account screen opens.

5.8.2 Account screen

This screen contains different options, depending on the kind of account. For Google Accounts, it lists the kinds of data you can synchronize to the phone, with checkboxes so you can turn synchronizing on and off for each kind. You can also press Menu and touch Sync now to synchronize data. Touch the Remove account button to remove the account along with all its data (contacts, mail, settings, and so on). You can't remove the first Google Account you added to your phone except by resetting your phone to the factory defaults and erasing all of your user data.

5.9 Privacy settings

You use the Privacy settings to manage your personal information.

- **Back up my data:** Check to back up some of your personal data to Google
