

- **TalkBack:** Check to have an installed speech synthesizer speak the labels or names of items as you navigate the phone's user interface.
- **SoundBack:** Check to play a sound as you navigate the phone's user interface.
- **Power button ends call:** Check to cause pressing the power button to end a phone call, rather than turning the screen on and off.

5.14 Dock settings

If your phone supports a car dock or desktop dock that you own, you can use the Dock settings, to set your preferences for how the phone and the dock interact.

- **Audio:** Available when the phone is inserted in a car dock or desktop dock. For a car dock, opens a dialog where you can set whether music and other media audio play through the dock speaker and whether to use the dock as a speakerphone. For a desktop dock, opens a dialog where you can set whether music and other audio play via the audio line out port. Your settings apply only to the dock you are using; you can have different settings for different docks.
- **Dock insertion sound:** Check to play a sound when inserting or removing the phone from a dock.
