

06 CHAPTER

Introduction to the QML language

QML is a declarative language designed to describe the user interface of a program: both what it looks like, and how it behaves.

07 CHAPTER

Developing MeeGo apps with Python

This section will guide you in setting up a PySide environment on your MeeGo Netbook and then show you some basics through examples.

08 CHAPTER

Build MeeGo Apps for AppUpSM

The Intel AppUp Developer program provides you with everything you need, to easily develop and sell MeeGo apps

09 CHAPTER

Tips

Tricks for advanced users of MeeGo. Learn how to install your favourite applications on MeeGo

On the DVD

Two bonus chapters on this month's DVD. Learn about web frameworks and how to install MeeGo on your PC!
