

ADVANTAGES OF HOSTING ON THE CHROME WEB STORE

A look at the advantages of hosting on the Chrome Web Store and why it stands out from the others.

How to get started

To get started with apps for the Chrome Web Store you'll need to make the following key decisions:

What should your app do?

What do you actually want to provide for users? This is something that only you can answer, but you might want to think about how you can service your current or potential users better by using all the latest open web technologies. Things like notifications, geolocation and WebGL for beautiful 3D graphics rank high in the priority list of lots of developers and can make your app stand out.
