

SlideRocket

This is perhaps the only web app that performs comparable to what it was inspired from: Powerpoint. A great app to make and share presentations online.

Making presentations was never this fun

Graphic.ly

A must have app for every comic fan. Graphic.ly is a platform for digital comics and offers a lot more than just reading them. There are a lot of free comics but you have to shell out to read some of them.

No one is too old to read comics
