

CHAPTERS

NETWORKING EVERYTHING

FEBRUARY 2012

09

PAGE

Jargon busting

MAN, PAN, SAN, WLAN, CAN, WAN, DAN - learn about all these terms used in the world of networking. Then reacquaint yourself with the technologies involved in connecting you to the rest of the world or even to your baby brother.

23

PAGE

What can be networked around you?

The answer is tablets, smartphones, consoles, hubs, switches, routers and access points. Read on to know how...

37

PAGE

Just sharing a net connection

Sharing is caring or so think these networked devices. Let these simple steps teach you how to hook up laptops or laptops and phones to one another - wirelessly (read: Wi-Fi) and with wires (read: LAN and USB)

47

PAGE

Setting up your network

Not just at home, but on the go as well. Acquaint yourself with data cards and tethering among other wonderful things.
