8. You can choose what to sync from the Sync tab
9. If you're a Chrome user, you'll have to wait a while because the official app for Chrome (Chrome to Phone) is not yet available in India.

Remote Gallery 3D

Imagine you've just come back from a trip clicking a lot of photos on your mobile. But if you want to show many people, you'd have to transfer them to a computer or pass your phone around so that everyone can get a good
