

TRAVEL APPS

Vacations are supposed to be fun.
Thankfully, you've got your smartphone
and our extensive research on travel
apps. After pronouncing 'Bonjour'
incorrectly over ten times, we've finally
found the best travel apps that will take
the hassle out of travelling

Given an opportunity, wouldn't we all love to live out of a suitcase? The joys of travelling include discovering and exploring new places. But discovering and exploring new places also involve problems such as language barriers, figuring out routes and direction, making itineraries and how can we forget, packing all things necessary. But why fret when you're armed with a smartphone? There are a slew of handy travel apps out there to simplify your travelling endeavors. Be it helping you find eateries, lodging, making travel itineraries, meeting new people or simply teaching you how to say 'hello' in French – our list of must-have travel apps will not only play a great virtual tour guide, but also ensure you never get lost. So pack these apps with those bags, tie those shoe laces, put on that backpack and go explore the road less travelled.
