

Foursquare

We're certain you've heard about Foursquare. For those of you who haven't, Foursquare helps you search and discover new places in your vicinity. But mainly, the app lets you check in every time you visit a great place, add tips and even recommend the place to other users – which is why it works as a great discovery tool while travelling. The Foursquare app personalizes recommendations, searches for practically all local services and helps you discover insider tips from local experts. With the Foursquare app on your mobile phone, you can ensure that you'll never miss out on the most-loved places

in any city.
