

WEIRD APPS

With smartphones come smart apps. But every now and then, app developers throw surprisingly bizarre and vain apps our way. Below is a list of some of the weirdest apps on the market

Smartphones have changed our lives. With smart applications, our mobile phones have made our lives simpler, smarter and a little more convenient. There's no dearth of informative, entertaining, gaming and productive apps in the app world. Just when you thought you've seen it all in the tech sphere, the app developers surprise you again. Every now and then, there comes a bizarre app that will make you wonder "Is this for real?" Questioning the logic or the purpose behind these apps is as futile as trying to eat soup with a fork. From apps that will act as your bladder guide and foster virtual cows to the ones that will let you pop virtual zits for fun. There are even apps that will talk to you when you get lonely – something you may exploit Siri for. But in case you're not crazy enough about Apple products or the iPhone do give these apps a spin. What's amusing is that some of them can be highly addictive. So we did our bit of wielding around with these apps, and here's a list of some of the weirdest apps that left us scratching our heads.
