

Multitasking overhaul anyone?

Camera roll or the set of wallpapers provided by Apple. But it might appear a little blurry for wallpapers not suitable for this. For best results, the correct resolutions are follows:

iPad 2 and iPad mini: 1,424 x 1,424

iPad 3 and iPad 4: 2,448 x 2,448

iPhone 4S: 1,360 x 1,040

iPhone 5: 1,536 x 1,040

(Sadly, the iPhone 4 doesn't support parallax wallpapers.)

9. iTunes Radio

Apple has introduced a free internet radio service, i.e iTunes Radio, with over 250 stations including all genres of music with good sound quality. It's supposed to be an intelligent app that learns about your taste in music. The more music you listen to and download, the more personalised your stations become. You'll be able to skip tracks and customise stations according to your taste.

It is, however, currently not available in India. But with a little effort you can get around that restriction. More on that later.

10. Activation Lock

The Find My iPhone feature in your iPhone, iPad or iPod Touch allows
