

DESIGNING CAREERS

If you have a creative bent of mind, a career in Industrial Design might be just the right path for you.

Case study House #8 was designed in the '40s, when we as Indians hadn't witnessed our tryst with destiny. A glance at it and you'll find it hard to believe it has been standing as a symbol of modern design for the past six decades. Upon a request by the Indian government, American designer couple Charles and Ray Eames presented the India Report in 1958 that resulted in the first design institute popularly known as the National Institute of Design located in Ahmedabad, Gujarat.
