06

PAGE

An introduction to office suites

While most of us would be familiar with this class of software, there are still many aspects that remain unknown. Let's find out more.

17

PAGE

Deep drill into a generic office suite

Whether you've used office suites for years or are just beginning to take advantage of the services, this section will lay bare the many common features and components that are essential for you to accomplish your tasks

34

PAGE

Free offline suites

In this section, you'll discover you needn't pirate an office suite. There are indeed popular free-to-use offline office suites that are just as good as you know what.

56

PAGE

Free online/cloud-based suites

The internet touches everything and office suites are no exception. The new economics of information technology has made what once were expensive productivity tools into free-to-use services. We take a look at the best available free cloud-based suites
