```

The output of 'ip addr show' displaying all network interfaces and IP addresses

Display ethernet status using Linux tool:

- # ethtool eth0

Echo request for testing connection:

- # ping host

Display all active listening ports:

- # netstat -tupl

Disk usage

Display free space on mounted file system:

- # df -h

Display disk partition sizes and types:

- # fdisk -l

Display disk usage in a readable format:

- # du -ah

Process

Display all current active process:

- # ps
