

14 | What's new

We go over some of the biggest happenings in the world of tech that took place this month.

16 | Keeping it Cool

Diving deep into the tech that keeps your gadgets 'oh-so-chilled'.

20 | Agent001

Agent001's 18-year old relationship (with his chair) comes to a sad end. Join him on his quest to find a replacement.

22 | Level-Up

Give your PC components some much needed love. We help you achieve optimal airflow inside your PC.

25 | Recommended buys: Top 3

From IEMs to routers, here's what we recommend for your next gadget purchase!

26 | Workshop

Customise your Android homescreen the right way.

28 | Teardown

We take a look inside Apple's first smart speaker: the Apple HomePod.

30 | PC configs

Wondering what to get for your next PC, look no further.

31 | Take My Money!

Crowdfunding projects that we think are worth checking out.

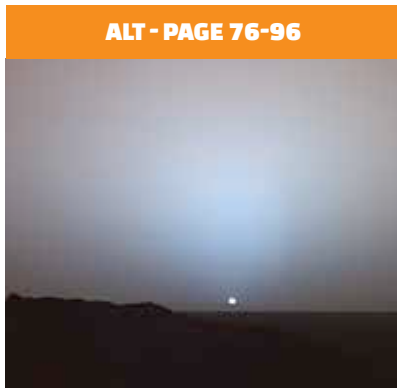

32 | Antec P8 vs Corsair Carbide SPEC-04 TG

Tempered glass side panels have finally entered budget mid-tower cabinets.

34 | Reviews

The latest products put through our rigorous tests and reviewed for you.

AND MORE

77 | The sun starter

What would happen if aliens came to Earth, destroyed the sun, and forced us to work for them as cheap labour?

80 | Armed and dangerous

Firearms have played a crucial role in shaping the world that we know today, but how much do we know about their history?

88 | Do it like Dolittle

Is talking to your pets even possible?

AND MORE

98 | Games that sold consoles

Have you ever been tempted to buy a console just because of a game?

102 | The video game billboard hot charts

Some of the most iconic and recognisable songs we've come across thanks to games!

104 | REEVU: Monster Hunter World

The original monster slaying boss battle simulator is back, now on mainstream consoles, to show you how it's done.
