

Make It Yours.

CHOOSE YOUR STYLE MASTERBOX Q300P

RGB LIGHTING

Use the RGB lighting to create a captivating build in your preferred color theme with the included RGB controller.

EDGE-TO-EDGE SIDE PANEL

Show off your build through the full size transparent side panel.

MODULAR I/O PANEL

The I/O panel can be adjusted to six different locations. On both side of the body you can install the I/O panel at the front, top or bottom.

CLEAN ROUTING SPACE

Behind the motherboard tray, it offers 28mm wide and spacy room for hidden cable management.
