

The Next Decade

From industry experts to our own team members, we take a shot at predicting the next ten years in technology.

CUTTING EDGE

22 | What to Watch?

All the big headlines to watch out for over the next ten years.

IGNORANCE

26 | It's not time yet

From quantum computing to drone deliver services, we look at some things that will not be realised in the next decade.

SPACE AGE

29 | The next decade of space exploration

An ISRO manned mission, a permanent base on Mars, and all the other exciting scheduled spaceflights.

HEALTH

32 | Women's health

A look at what technology can do for women's healthcare.

R&D

48 | Hawking's final hurrah!

Exploring the implications of the final paper published by the late Stephen Hawking.

AUTOTECH

FEATURE

54 | Automatic Gearboxes

Automatic transmission technologies are the next big shift for Indian consumers.

FEATURE

56 | Hyperloop in India

How transformative can the multiple hyperloop projects really be?

AND MORE

SKOAR!

REEVU

64 | Frostpunk

A city building survival game.

FEATURE

70 | VR is not the future of gaming

What if we told you that VR is overrated?
