

14 | WWDC: Where's the innovation?

Apple's annual developers conference lacked any eye-popping innovations this year. Here's everything that stood out.

16 | Best of Computex 2018

The Mecca of PC components had several incredible products on showcase this year.

22 | Smart Home and Home automation: synonymous?

A stripped down version of the primary differences between the two seemingly-synonymous words.

24 | The NavIC Story

In its decade long journey to near-completion, the NavIC project has seen a lot of highs – and even some lows.

27 | Reviews

The best in technology available today, reviewed by us.

34 | Level-Up

Make the most out of Google's new Tasks app and the updated Gmail.

36 | Secure communication using open source tools

For the truly paranoid.

38 | Teardown: OnePlus 6

Clean design; risky display reparability.

40 | Groovy-101

Getting started with Apache Groovy.

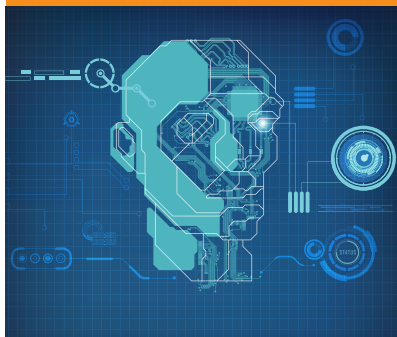

44 | Editing PC made to order

Agent001 dives deep while building a video editing PC for an old friend.

48 | Take My Money

This month's crowdfunding roundup goes the smart way with a smart lock, a smart Rubik's cube, and a powerbank with a smart take on design.

AND MORE

86 | I, Cyborg

A day in the life of a cyborg.

88 | Man-Machine

A visual on technological interventions which can potentially make us transhuman.
