

CTC VI

thread on the Digit Forum

CTC came back after a gap of two years, and got the entire community scratching their heads or pulling their hair out. Leg 1 was difficult, Leg 2 was easy, Leg 3 was brutal, and you might receive the magazine just in time before Leg 4 finishes. Here is what the forum members had to say about CTC VI.

i am cracking one after another it seems never ending ! anyone how many codes in total are their to crack in leg one ? but must say its quite interesting !!

Rdksuper

CTC SIX! Yeah!! I havn't got my June magazine yet. But I think I can start cracking the code! *cracks knuckles*..
