

WHERE ARE THE ALIENS?

PLEIADIANS

The Pleiadians or Plejaren are interested in allowing humanity to progress to higher dimensions, and have apparently contacted various humans through psychic means.

ANUNNAKI

The Annunaki, from Aldebaran, apparently colonised the Earth hundreds of thousands of years ago, and have an outpost on the elusive planet called Nibiru.

VEDRANS

The Vedrans are an advanced race from the Andromeda TV series, one of the first to discover FTL travel.

VEGANS

The Vegans from Contact are a mysterious race that communicate with other races using the universal language of mathematics.

SAURIANS

As the story goes, the Draconians originated from Alwaid, seeded dinosaurs on Earth, which then evolved into the intelligent bipedal Saurians.

REPTILIANS

The shapeshifting reptilian humanoids that allegedly have shadow control of the Earth originate from Thuban, aka Alpha Draconis in the constellation of Draco.

BETELGEUSIANS

In The Hitchhiker's Guide to the Galaxy series, the two-headed Zaphod Beeblebrox's homeworld is located in the Orion Constellation.

SIRIANS

The Sirians from the blue star of Sirius are allegedly an ancient race that sowed the seeds of humanity on Earth, ages ago.
