SHAZAM!

14-year old Billy Batson receives the powers of multiple Gods and can transform into an adult superhero by just uttering the magic word, 'Shazam!'. While discovering his powers and capabilities, Billy has to take on the evil Dr. Thaddeus Sivana. The movie is based in the DCEU, but seems to be headed in the fun direction that was set by the tone of Aquaman.

Release date: Apr 5

HELLBOY

One of the highly awaited reboots this year is Hellboy, based on the graphic novels by Mike Mignola. David Harbour from Stranger Things dons the role of the half-demon who is caught up between the supernatural and human world. His mission is to take on an ancient sorceress, known as the Blood Queen, whose ultimate goal is revenge.

Release date: April 12

GLASS

M Night Shyamalan's superhero trilogy is coming to full circle after connecting his two films – Unbreakable (2000) and Split (2016). Bruce Willis and Samuel L. Jackson are returning to play their roles from Unbreakable while James McAvoy and Anya Taylor-Joy will be coming back from Split. The movie will follow the events of Split in this new comic book thriller.

Release date: Jan 18

CAPTAIN MARVEL

Towards the end of Infinity War, as everyone turned to dust, Nick Fury reached out to his pager and summoned Captain Marvel. The movie is set earlier in the MCU timeline, before Fury took charge of SHIELD. Earth is the battlefield for an intergalactic war. Two alien races are fighting to destroy each other and the only hope is Carol Danvers aka Captain Marvel.

Release date: Mar 8

AVENGERS: ENDGAME

After a decade-long run of 22 inter-connected movies, the Marvel Cinematic Universe story arc of the Avengers is coming to an end. Thanos did what he exactly said he would and wiped off half the population of the universe. Things look grim back on Earth. Will our heroes be able to avenge the lives of billions of people around the universe?

Release date: April 26

POKÉMON: DETECTIVE PIKACHU

In this "live-action" Pokémon movie, we explore Ryme City where Pokémon and humans exist together. A boy searching clues for his father's disappearance comes across an unusual Pikachu who can speak to him only. This particular Pikachu wants to be a detective and both of them discover a sinister plot.
