

Water ice-filled crater

ESA's Mars Express Spacecraft shows images of impact crater supposedly with 'water ice' all year round. <https://digit.in/jan19-65>

Luna Incognita

The Chang'e-4 mission has landed on the far side of the moon and has entered 'Luna Incognita'. <https://digit.in/jan19-66>

HOW THE DINOSAURS REALLY DIED: MECHANISMS OF THE MASS EXTINCTION

The generally accepted theory is that a meteor strike at the Yucatan Peninsula was responsible, but there is an increasing amount of data to suggest that volcanism in ancient India was the real cause.
