

53 | 1000 words

If you were to look straight at a black hole with your naked eyes, what would you see?

56 | Movies in 2019

2019 is going to be an absolute blast for geeky movies. Here is what you can look forward to.

58 | Ban the Ban Hammer

There have been a spate of inexplicable bans on videogames in China and India

AND MORE

84 | Geek-Key

Over the years, film formats have been evolving and the aspects ratios have changed. Here is how you can make sense of all of them.

86 | Future Feature

The Gift of the Magi re-interpreted in the distant future, or perhaps the distant past.

90 | Nuclear Bombardment

What would happen to your city if a nuclear bomb fell on it?

AND MORE

61 | Ignorance

There is increasing evidence that the dinosaurs went extinct not because of an asteroid impact, but volcanism in India.

64 | Health

Virtual Reality can potentially help with chronic pain.

68 | Space Age

The astronomical instruments deployed by man have collected so much data, that scientists are taking help from the general public to process them.
