TECH - PAGE 10-49

12 | What's in a smartphone?

While there are hundreds of brands selling smartphones, only a small cluster of companies provide the components that make them up.

16 | A bounty of bugs

Finding bugs for a living could be a legitimate and well-paying career choice.

18 | Engage all defences

India's defence startups are aiding our armed forces and strengthening our borders.

20 | Agent001:

Agent001 is in two minds on whether he should upgrade his PC or not.

24 | Level-up: Spotify, YouTube Music

Take your music streaming to the next level with tips and tricks for these new apps.

28 | Linux machine for PC gaming

Playing PC games on Linux-driven machines has become much easier these days.

30 | Config

Everything you'll ever need to build your own PC. Whatever your budget.

31 | Top 3 Recommended Buys

From gamepads to high-end DSLR cameras, here's what we recommend for your next purchase.

32 | Take My Money

A MIDI kit, a mind controlled drone and true wireless earbuds are the best you can crowdfund this month.

42 | Devworx: Microsoft Game Stack

We explore Microsoft's latest game development bid.

46 | Teardown: Samsung Galaxy S10 and S10e
