

65 | Rotten Eggs

Easter eggs are fine, but an oversaturation of pop culture references in movies is just getting tiresome.

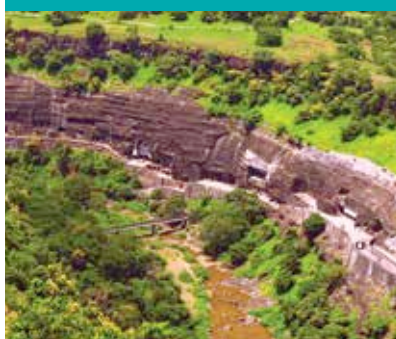

66 | Card game versions of board games

These card games are better than the board games they were inspired from.

70 | 1000 words

Image composition involves taking multiple photos and putting them together into one shot.

AND MORE

72 | The Deccan Traps

The largest volcanic features on Earth

74 | Finding the cure

Scientists announced the second ever patient to be rid of HIV in history.

76 | Space Roar

The ancient universe is screaming at us, and scientists don't know why.

78 | Seven minutes of Terror

New strategies are required for landing future manned missions.

AND MORE

88 | The future of ASOIAF

Game of Thrones is coming to a conclusion, but there is a lot of content in various forms lined up, set in the world fans refer to as Planetos.

90 | Indian Sci-Fi TV Shows

Kids who grew up in the 80s and 90s will remember these science fiction shows on DD and the early days of cable networks.

92 | Backtalk

Our interactions with the industry big wigs, this time with Seagate and Cleartrip.

AND MORE

ON THE DVD

TECH

Learn Blender

Blender is a free and open-source 3D computer graphics software toolset used for creating animated films, visual effects, art, 3D printed models and video games.

Tux Linux

The purpose of Tux Linux is to introduce Windows users to Linux, and provide them with a comfortable useful interface even though they are using another operating system entirely.
