

100MP smartphone camera coming soon

Qualcomm's imaging head Mr Judd Heape revealed vendors are planning to announce 100MP sensors later this year. <https://digit.in/apr19-51>

Robots pick up unknown objects

Researchers at MIT have developed an AI that allows robots to identify, pick up, and handle novel objects. <https://digit.in/apr19-52>

The Future of ASOIAF

Game of Thrones is coming to an end, but there is a lot of content in the offing about the world fans refer to as planetos

A

Song of Ice and Fire (ASOIAF) is the book series that spawned one of the most

popular and critically acclaimed fantasy shows of all time, Game of Thrones. The final season is debuting this month, and is an ending of sorts for a journey that began nine years ago. George RR Martin has indicated that the show may have a

“bittersweet ending”, and fans have been coming up with various theories to figure out this ending. Over the course of nine years, the show has diverged from the books that they are based on by a big extent. Many characters have been merged, and others have been written out. All the children of both Dorne and the Iron Islands are not represented in the show. Varamyr Sixskins, the skin-changer of the free folk controlled a bunch of wolves, a shadowcat (something like a leopard) and a polar bear, which would have been epic on

screen. All we got was Orell and his eagle. Caitlyn Stark lives on as Lady Stoneheart in the books, granted the gift of life by Thoros of Myr. We don't know if anyone will claim Dawn, the sword of Arthur Dayne in the show, which is an obscure part of the story, but might end up being a Chekhov's gun that is never fired. At least Shaggydog lived up to his name. One way or the other, we will know within the next two months, but that is not the end of the road - not by a long shot. This is what fans can look forward to, after the Game of Thrones finale.

THE REMAINING BOOKS

There are two remaining books in the main series. The last released book in the series was A Dance with Dragons, which was published in 2011, when the show was just launching. That book ended with a cliffhanger, with Jon Snow dead, and an imminent battle at Slaver's Bay (well, we know how that will turn out). One good thing to expect from the books is that many of the characters that are dead in the show, are still alive in the books. These include fan favorites such as Stannis
