INSIDE

THIS MONTH IN CULT:

We take a look at the Quantum physics that comes into play in The Avengers: Endgame. Before that, be sure to check out 1000 words for works of Food Art from around the world. Finally, join us at Diary to find out what shenanigans we've been upto at the Digit Test Labs.

New Coke makes a comeback

New Coke, which was considered one of Coca Cola's biggest marketing failures, will be making a comeback. The company has partnered with Netflix to promote Stranger Things 2, which is set in 1985, the same year the newly formulated 'New Coke' was released.

WHAT'S NEW

Black Mirror 5 hosts a star-studded cast

Black Mirror season 5 recently released its trailer that showcases the star-studded cast they have managed to recruit this season. The show's creators also explained that Black Mirror 5 would be more aligned than previous seasons with core technology and its effects on humanity. The cast this season features famous stars like Andrew Scott, Miley Cyrus, Topher Grace and Anthony Mackie in important roles. This season, however, will only have three episodes rather than six, which had

become the norm after Netflix brought the show under its banner.

Avatar 2 in 2021

It's been 10 years since we've had an Avatar sequel. Seeing that Avengers: End Game is struggling to beat its box office record, you'd think that Disney would want to capitalise on that. However, they have revealed that Avatar 2 will only arrive in 2021.

GOT S8 remake!

No, not us (Okay, maybe us too). 1.4 million Game of Thrones fans signed a petition to remake the entirety of Game of Thrones: Season 8, the final season. There was a general sense of disdain towards the writing by David Benioff and D. B. Weiss this season.
