

CG RAW POWER

WITH GREAT POWER COMES GREAT PERFORMANCE

Introducing the new circle Gaming 80 plus series with single +12V high AMP rail design, which includes models that range from 450W - 1000W. The 80 plus certification ensures stable, excellent performances with minimal power wastage. A quite embedded intelligent cooling fan. Flat cables for easy malleability. The 80 Plus series has been optimised to work with Intel 9th generation core processor.

PRO SERIES

450W/500W/550W/
650W/750W

82% Efficiency

ACE SERIES

450W/550W/650W/750W

85% Efficiency

EXTREME SERIES

850W/1000W

92% Efficiency

SINGLE +12V HIGH AMP RAIL DESIGN | READY FOR 9TH GEN INTEL CORE PROCESSORS
