

18 MUST HAVE SMARTPHONE ACCESSORIES UNDER ₹500

The smartphone market is booming. Indians are the second largest consumers of smartphones in the world, behind China. Those numbers will only rise exponentially since only about 27.7% of Indians have smartphones! While smartphone prices are inflating every year at a staggering rate, manufacturers of smartphone accessories have actually counteracted this trend and lowered the rates of their products. It is not impossible to find great and handy smartphone accessories today without burning a hole in your pocket. We set a budget of ₹500 and scoured Amazon.in to bring you 18 smartphone accessories within this modest price bracket.

01 FAST MULTI CHARGER CABLE

First on our list is this capable three-in-one fast-charging cable manufactured by the company JSTBUY LABEL which can power any Android or iOS smartphone since it houses three nylon-braided charging cables - Micro USB, Lightning and USB Type-C.

This covers every smartphone user, especially the ones that use multiple smartphones at the same time.
