

62 | Boo Man

We won't even tell you what Boo Man has a go at as you might just throw this magazine away. So flip over, and don't flip out

63 | Crazy fan theories

At times fans can go overboard and come up with the strangest theories that somehow make sense

66 | Digit Diary

Find out what Team Digit has been up to, and the best threads on TDF

AND MORE

85 | Backtalk: Lake after lake

We sit down with Rajeeb Hazra to gain insight into Intel's DC strategy

86 | Geek Key

A look at some of the strangest vehicles to race in F1 circuits over the years

94 | Hustle porn

Is following the advice of those "motivational videos" really good for you?

AND MORE

68 | Mystical twin towns

Some places around the world have more than the usual number of twins

74 | Cutting Edge

How particle physicists are using social networking algorithms for exploring science beyond the standard model

76 | Space Age

What went wrong with the Vikram lander
