WHAT'S NEW

Kevin Feige is now in charge of all things Marvel!

The mastermind of the MCU (Marvel Cinematic Universe), Kevin Feige, has now been named Chief Creative Officer of Marvel. He holds this supreme title in addition to that of President of Marvel Studios. Feige has now taken up the mantle for the overall creative direction of Marvel's storytelling across several mediums, including comics, TV, animation and of course, films. Effectively, Marvel Television and Marvel Family Entertainment will also be enveloped under Marvel Studios' banner. Feige, however, will continue to report to Walt Disney Studios co-chairman and chief creative officer, Alan

Horn as well as co-chairman, Alan Bergman. Dan Buckley, the President of Marvel Entertainment

will now report to Feige and will go on overseeing the publishing of creative and editorial content, such as comics.

Feige is now toiling over multiple shows that will debut on nascent streaming service, Disney Plus, centred around MCU characters such as Hawkeye, Falcon, Captain America, Loki and more.

Ryan Reynolds teases a meeting with Marvel Studios

Following the successful acquisition of 20th Century Fox by Disney, Marvel Studios is yet to announce the plans for how fan-favourite Deadpool will fit into the MCU. However, according to recent developments, plans may already be well underway. Ryan Reynolds took to Twitter to tease his visit to Marvel Studio and added a quippy caption saying, "Auditioned for the role of 'Anthony Stark'. Didn't

come even remotely close, but the nice man with the taser escorted me to the ground."

While Reynold's obscure tweet sure doesn't give away any hints, his visit alone could

indicate future plans for the Deadpool franchise within the MCU. Bob Iger, Disney CEO, has also maintained that Deadpool will remain a vital franchise even after the Fox acquisition. Meanwhile, other Fox Marvel franchises including X-Men and Fantastic Four are due to be rebooted under Kevin Feige, the President of Marvel Studios and now, Chief Creative Officer of Marvel.
