

IIT ROORKEE COGNIZANCE
27-29 MARCH 2020

COGNIZANCE 2020

Annual Technical Festival of IIT Roorkee

TECHNICAL EVENTS

Prizes Worth Rs 4.5 Lakhs

Eccentricity of Excellence

01

ICC : International Coding Challenge

It is a nocturnal coding event closely examining the mathematical ability, coding skills & aptitude of the competitors. Inclusive of programmers from different countries, the event is an online competition that inculcates the needed skill of patience and resilience.

02

Codathon

Codathon is a software development hackathon. It includes app development, web development, etc providing developers with the best opportunity to compete and win exciting prizes.

03

Datathon

It is a data science based competition to check analytical and problem solving skills of the participants. Participants will have to solve a real world problem using the given data set.

04

Kaggle day Event

A session on Data science and Machine learning by professionals of Kaggle. Session will be followed by a hackathon based on solving real world problems with data analytics.

05

Mindsweeper

Mindsweeper involves all kinds of algorithmic challenges, ranging from string manipulation to complex dynamic programming. This is a coding challenge where competitors from all over India participate and exhibit their code writing skills and aptitudinal ability

06

DesignQuest

It is a UI/UX based design competition encouraging the young designers to exhibit their designing skills and build an attractive interface of an application

07

Techzibition

Present your science innovation ideas at this stupendous exhibition in front of 20k+ students, experienced professors, renowned speakers, and eminent personalities.

08

Backdoor CTF

Codathon is a software development hackathon. It includes app development, web development, etc providing developers with the best opportunity to compete and win exciting prizes.
