

A WARM WELCOME TO OUR FIRST BATCH OF DIGIT COLLEGE AMBASSADORS

Digit College Ambassador program is a leadership opportunity for students who are passionate about technology and want to build and grow a tech community in their respective institutions. Digit supports the college ambassadors with mentorship, tools, and industry connections to successfully build the tech community in their college.

Apply to be a Digit College Ambassador: cap@digit.in

ADARSH PANDA

Silicon Institute of Technology, Bhubaneswar.
B.Tech in Electronics and Communication Engineering

I am an Engineering student, pursuing my career in B.Tech (ECE) from SIT, Bhubaneswar. I like playing cricket and badminton. I love making Tech Vlogs. I love making friends and have a craze for watching new movies.

MANISH RATH

KiIT Deemed to be University
BTech in Computer Science and System Engineering, 6th semester

I am a Growth Hacker and a freelance creative content creator currently living in Bhubaneswar, India. My interests range from technology to design. I am also interested in minimal art, understanding customers' behavior, and social media. Internet buff by the morning, meme necromancer by the night.
