The EVA pod from Odyssey is seen in Watto's junkyard

2001: A SPACE ODYSSEY

INDIANA JONES

THE MONSTERVERSE

The timing device on the nuke in Godzilla is identical to the one in Goldfinger

Lone Pine is a common location in movies from both franchises

JAMES BOND

BLADE RUNNER

BACK TO THE FUTURE

When Deckard is being picked up towards the start of the movie, a red screen reading "purge" is seen, which also appears in Alien when the shuttle detaches from the ship

ALIEN

ET

The two extraterrestrial creatures face off in Alien vs Predator

PREDATOR

Dark Horse produced an Alien vs Predator vs Terminator comic. This is a tenuous connection, but an updated version of Alan "Dutch" Schaefer in the Predator video game from 1994, was a cyborg with the prefix of CDS, which could stand for Cyber Dyne Systems.

TERMINATOR

Cowen says his civilisation once belonged to a federation of planets
