

**JUNE
2020**
VOLUME 20
ISSUE 06

Explore!

"You" are the explorer, we've done away with the classic sections so that you can explore your way through the magazine. For our nineteenth anniversary special issue, the entire magazine is the cover story.

10 | Digit diary

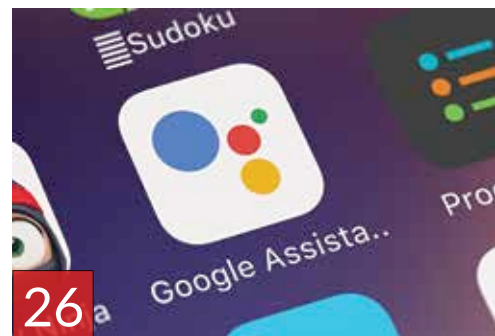

Find out what the team was up to during lockdown 4.0.

12 | What's new

All the latest tech, science, alternative and culture news from around the world.

20 | Create in 3D

Bforartists is a fork of Blender with an easier UI, aimed at enthusiasts.

22 | Android file system

Explore the Android file system structure and layout, and find out its unique traits.

26 | Level up: AI assistants

Get more done from all your digital assistants with these pro tips.

32 | IP ratings decoded

Explore the IP ratings on waterproof phones and what the numbers actually mean.
