

52

35 | Tiny AI

An effort to develop powerful hardware for intensive computing, while keeping a low carbon footprint.

44 | Crowning glory

A look at humanity's biggest and most towering achievements in the modern age. These are the best things ever.

48 | Pandemic proof startups

A look at all the startups that got a shot in the arm because of the outbreak.

50 | Jacking out of the matrix

Get in control of what happens to the data across multiple platforms after your death and build a kill switch.

52 | Catalysts of IoT

The commonly used sensors in everyday IoT devices.

54 | Technology for archaeology

All the cutting edge tools being used to excavate and preserve the past.

56 | The explorer's tool

The history of the compass, the oldest and handiest navigation tool.

58 | Inkarnate

Visualise entire worlds for your RPG campaign, board game, or fantasy book with this map creation tool.

60 | Going pro

Take your smartphone photography to the next level with pro mode.

64 | New normal careers

All the career options that are in demand during the outbreak, and some future proof options.

86

68 | Beyond ads

Get smart about advertising.

72 | Spy tools

These are the covert surveillance software used by intelligence agencies.

78 | Hot Earth

The bleak future ahead if we do not stop global warming.

86 | The world of cosplay

No this is not the same as dressing up for Halloween, it is a profession now.

94 | Storytelling with colour

How directors use colours to trick viewers into a state of mind.

96 | Failed promises

The technologies that simply did not live up to the hype.

98 | Myth and psyche

The purpose of myths and fairy tails, the hidden symbolism, and how they allow us to explore our own minds.

100 | Hidden places in India

The hidden places across the length and breadth of India that you must put on your bucket list.

104 | Ancient explorers

A long time ago, the world was still a small place for these seafarers.

108 | The solar system

Where you should go if you could just hop between worlds on a spaceship.

110 | Hot or not

Our trendspotting section where we review new obsessions.
