ASUS Z490 SERIES

INNOVATIVE DESIGNS TO UNLEASH PERFORMANCE

Smart Overclocking

AI Overclocking harnesses the full potential of your CPU by utilizing onboard intelligence to profile its characteristics and expertly tune the frequency and voltage.

Low-noise Cooling

AI Cooling technology monitors motherboard connected fans, and dynamically adjusts fan speeds for a balance of stable performance, CPU temperature and fan noise.

Reliable Power

Teamed power architecture unleashes the full potential of the latest Intel® Core CPUs. Together with quality components, ASUS motherboard VRMs are geared for any workload.

Optimized Memory

OptiMem trace layout improves signal integrity and mitigates noise to ensure compatibility with higher frequency memory kits, enabling them to run at lower latencies or operate at higher frequencies.

*Specifications vary by model

The **BEST** Motherboard Brand – Best-selling | Easy to use | Stable | Trusted
