

Tesla malware attack

A Russian tourist reportedly offered an employee \$1 million to cripple Tesla with malware. <http://digit.in/sep20-73>

Dating apps don't like Android

Study suggests that you're 30% less likely to find a match on a dating app if you show off your Android phone. <http://digit.in/sep20-74>

LUKE SKYWALKER'S LIGHTSABER

In Star Wars, Luke Skywalker's lightsaber is one of the few weapons to appear in all the three trilogies. One of the many weapons that Anakin kept carelessly losing eventually was kept with Obi Wan for safekeeping, who eventually handed it over to Luke. The new Star Wars comics actually follows the lightsaber after the events of Episode V.

MEMORY, SORROW, THORN

Okay, this is a bit of cheating and is actually three swords, but they come together in dark magic in the eponymous series by Tad Williams. The first two swords are also named Minneyar and Jingizu. All the swords are made from otherworldly materials, and have all kinds of effects on their wielders. The swords pass through many hands in their long histories.

POWER SWORD

Also known as the Sword of Greyskull, this is the weapon of choice of He-Man. The sword seems to derive its power from the Goddess, the most powerful being in the realm of Eternia. This is the sword that He-Man uses to transform from Prince Adam. The version of the sword in the newer movies and series has a more elaborate hilt than the classic toy version.

RIPTIDE

Riptide, also known as Anaklusmos is the sword wielded by Percy Jackson that is unusual in many ways. It passes harmlessly through mortals, but can injure celestials and monsters. The sword is made of a metal called "celestial bronze" which does not affect humans. Another unusual property is that when not in use, it can be discreetly disguised as a ballpoint pen.

SWORD OF GRYFFINDOR

In the Pottermore, the sword originally belonged to Godric Gryffindor, although the goblins would not agree. The sword appeared within the sorting hat in the second year, which Harry then used to kill the basilisk, after which it was imbued with basilisk venom. In the final year, Neville Longbottom used the sword to kill Voldemort's pet, Nagini.

THE GREEN DESTINY

This legendary sword gets stolen starting off the series of events in Crouching Tiger, Hidden Dragon. At the end of the movie the sword is returned to its owner, but not before

a couple of epic fight sequences where Jen can wield the sword to defeat a tavern full of baddies, as well as another against a number of different exotic weapons at a martial arts school.

THE SWORD OF SHANNARA

The is the sword referred to in the title of the first book in the series by Terry Brooks, which like much of modern fantasy was heavily inspired by Tolkien. The sword is somewhat of a mix between Anduril and Excalbur, and spends hundreds of years stuck in a stone. The sword is infused with druidic magic, and has the power to reveal the absolute truth.

SOUL CALIBUR

Unlike most of the other weapons on the list, Soul Calibur is a living "spirit" sword, and instead of being wielded by the protagonist, is itself the protagonist in the Soul series of games. The sword was created with the specific task of defeating Soul Edge. However, later in the series, the sword turns into the antagonist, and is encountered in a boss fight.

STORMBRINGER

Stormbringer is a sword used by Elric of Melniboné in the Moorcock Multiverse, which gives him the power to live. It is actually a living agent of chaos that demands to be fed with souls. It can eat up the life force of any creature that it is used against, even if only a scratch is made on the skin, thus killing them. The sword also can cut through almost any material.
