AMIDST THE SEA OF MESSAGING APPS SPRINKLED ACROSS THE GOOGLE PLAY STORE, APPLE APP STORE, AND OTHER APP STORES, WhatsApp has decisively emerged to become one of the most well-known and widely used, not just in India, but across the globe. The reason can be attributed to the fact

that it has an extremely simplistic UI and numerous features to ensure that it meets the needs of users everywhere. The Facebook-owned app claims to have over 2 billion users across the globe. It is a cross-platform app that allows users to text each other over the internet, engage in video calls, send media, location, contacts, and more. Add to that the steady stream of updates the app has been continually getting to better

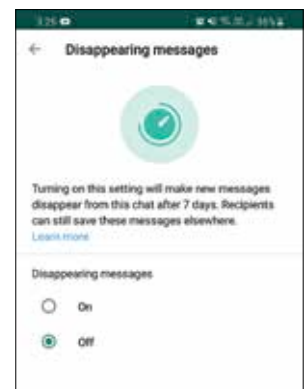

its UI and usability, and you have the concoction necessary to make it a relevant option year after year. If you want to get the most out of this popular messaging platform, here's a few tips and tricks you should try out.

DISAPPEARING MESSAGES

One of WhatsApp's latest features, Disappearing Messages will make any new messages in chats well... quite literally disappear after seven days of being sent. This feature is already available on some

other messaging services such as Signal and now has been added to WhatsApp. Users will need to enable this feature for each individual chat to make use of it. Sadly, you can't set the exact number of days after which messages disappear yet. In group chats, only group admins will be able to turn this feature on. To enable disappearing messages on WhatsApp, open an individual chat and then tap on the contact's name at the top of the screen. Now, click on 'Disappearing messages' in the menu and then select the 'On' option to activate the feature for that particular chat.

REQUIRE FACE OR FINGERPRINT AUTHENTICATION TO UNLOCK WHATSAPP

If you want some added security for your WhatsApp chats to ensure unwanted eyes cannot read your messages, you can simply use face and fingerprint authentication to secure the app. For iOS users, it is possible to set their WhatsApp account to require
