WHAT'S NEW

Jon Favreau reveals details about The Book of Boba Fett

The *Mandalorian* creator, Jon Favreau and Disney+ recently revealed the first bit of details surrounding the latest Star Wars series, *The Book of Boba Fett*. After the exhilarating season finale of *The Mandalorian* S2, the post-credits scene saw the introduction of *The Book of Boba Fett* with a smashing scene involving Boba Fett and Bib Fortuna, Jabba's old right-hand man, where he shoots him and takes his place on the throne in Jabba's palace. Fans, while excited, were confused about whether *The Book of Boba Fett* is a spinoff or a replacement for *The Mandalorian* S3. Jon Favreau, in an interview with *Good Morning America*, confirmed that *The Book of Boba Fett* was, in fact, its own

series. Favreau told GMA, "We wanted to hold this back because we didn't want to

spoil the surprise during the big Disney announcement for all the shows... and so they let me keep this one a secret." Disney+ also tweeted out that *The Book of Boba Fett* is a new original series that is set within the timeline of *The Mandalorian* and is coming to Disney+ in December 2021. The original logo of the upcoming series was also revealed in this tweet. <http://dgit.in/bookofboba>

Zack Snyder's Justice League could be R-rated!

Zack Snyder recently stated that the four-part mini-series, *Zack Snyder's Justice League*, that is coming to HBO Max in 2021 may be getting an R-rating as compared to the original film's PG-13 rating. In an interview with *Entertainment Weekly*, Snyder explained that the possible new rating is justified because of how "insane and epic" it is. Heroes

blur out expletives and speak more freely. He stated, "There's one scene where Batman drops an F-bomb. Cyborg is not too happy with what's

going on with his life before he meets the *Justice League*, and he tends to speak his mind. And Steppenwolf is pretty much just hacking people in half. So [the rating would be due to] violence and profanity, probably both." Snyder also said that he's waiting on an official confirmation from the MPAA for the R-rating. <http://dgit.in/R-ratedJL>
