FUMETSU NO ANATA E

Fumetsu no Anata e is a psychological drama anime with fantasy and supernatural elements. We have the

protagonist, Fushi, a lonely boy in the Arctic regions of North America who meets a wolf. The two become friends, relying on each other to survive in the harsh north. However, there's more to both of them than meets the eye. This anime is bit more on the serious side, and features a comparatively more unique visual aesthetic.

ISEKAI MAOU TO SHOUKAN SHOUJO NO DOREI MAJUTSU

The second season of How not to summon a Demon Lord

continues where the last season left off. This is an isekai anime with a bit of a twist where the MC spawns into a new world as his video game character, which was often referred to as a Demon Lord. Here, he decides to assume his role in full, and embraces his destiny as a "Demon Lord", however, his intentions are usually never bad. As far as isekai anime go, this covers pretty much all the bases, featuring fantasy elements, a harem for the MC, and the MC himself being incredibly overpowered.

FRUITS BASKET: THE FINAL

The final season of Fruits Basket is all set to air this spring. This is a comedy/slice of life/super-

natural/romance anime about a girl, Tohru Honda, who gets adopted by the Soma family after finding

herself homeless due to unfortunate circumstances. However, the family has a rather bizarre secret, when hugged by the opposite gender, they get turned into animals. The third season will see how she deals with her newfound feelings with the boys of the Soma clan, and how the dynamic between her and the Souma family evolves.

SHAMAN KING (2021)

The upcoming Shaman King is a new adaptation of the ongoing manga with the same name.

Yoh Asakura is a young shaman with the ability to communicate with spirits. But that's not all, he can also let the spirits possess him in order to use their powers. The Shaman King is the story of Yoh entering Shaman Fight, a tournament that takes place once every 500 years in order to become the next Shaman King while also stopping others with questionable motives from claiming the title themselves.

ZOMBIE LAND SAGA: REVENGE

A rather odd anime as far as the premise goes, Zombie Land Saga is about a group of legend-

ary girls, who have become zombie idols. These idols have been tasked with saving the fading Saga Prefecture. How will they do this? Well, by joining an idol unit of course. The group, called Franchouchou, consists of idols from different ages and periods of history, creating an interesting scenario that unfolds before your eyes, as they learn to get along with each other and get used to their undeadness. Plus, this is from MAPPA studio, who have a pretty stellar track record.

TOKYO REVENGERS

Tokyo Re- vengers is an anime about time travel. Takemichi Kanagaki is at the lowest point in his life after his

girlfriend is murdered by the Tokyo Manji Gang. Life in general is not going his way, when he thinks about ending it all. At the last moment, he suddenly finds himself 12 years back in time. Now, with 12 years in hand, he plots his revenge against the gang and thinks of a plan to save his girlfriend, changing himself in the process.

TENSURA NIKKI: TENSEI SHITARA SLIME DATTA KEN

The "Reincar- nated as a Slime" isekai anime has been out for some time now, and the

best way to describe Tensura Nikki: Tensei Shitara Slime Datta Ken (which literally translates to "Dear diary: I got turned into a slime") is as a slice of life version of the same thing. Rather than progressing plot here, this is all about community management in a fantasy world, and how the MC, Rimuru Tempest meets the community's needs. This is assumedly going to be a chill ride, without too much action.

EDENS ZERO

From the creator of Fairy Tail, Hiro Mashima, comes another magic-themed shounen, this time in space! The emphasis on space is evidently

important, with the anime also being tagged as "100% Space". Edens Zero MC, Shiki Granbell is all set for a grand adventure in space, and if it's anything like Fairy Tail expect tons of action, adventure and a fair bit of fan-service. **d**
