

TAKE A BREATH

Relax with these stress-free titles

Omang "Respawner" Baheti | feedback@skoar.in

We don't always want to finish a long, stressful day by racing through ultra-difficult platforming games or blasting our way through a chaotic online battlefield. Instead, there are times when we just want to curl up in our comfy gaming chairs or sofas with a relaxing game to help us forget about our worries. We've chosen the most relaxing PC games from our collection. These are the games we play when life gets to us, and we simply want to bury our heads and ignore life's frustrations.
