From the skies

Drones not only enable professionals to click some ethereal photographs but also allow amateurs to capture some beautiful shots. These artistic shots taken from the skies give a glimpse of the beauty of our planet.

Image Credit: Francesco Cattuto | Dronestagram

↑ This gorgeous image shows the Basilica of Saint Francis of Assisi with the city around it immersed in fog. The image was captured using a drone at sunset.

Image credit: Timer Appelbaum | Drone Photo Awards

← This drone image shows life amidst COVID-19 where thousands of Israelis maintain social distancing while protesting against Israeli Prime Minister, Benjamin Netanyahu at Rabin Square.

Image credit: deepbluero | Dronestagram

← This surreal drone shot captures a winding road making its way through the Bogata Forest in Romania on its way to Transylvania. The photograph was captured using a DJI Phantom 4.

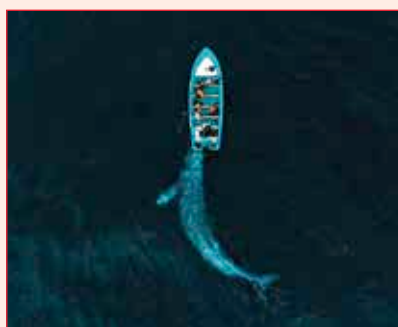

Image credit: Joseph Cheires | Drone Photo Awards

← Here, a massive gray whale plays around with a boat in the middle of the ocean. The photographer was told about the playful nature of gray whales, went in search of one, and got this shot.

Image credit: Bachir Moukarzel | Dronestagram

← Titled the 'Concrete Jungle', this image was shot at sunset time in Dubai and has captured an area that was a desert 10 years ago but is now "a concrete jungle with the highest buildings in Dubai".

Image credit: Brendon Dixon | Dronestagram

← A drone selfie taken at the Huia Fam in Auckland, this shot is satisfying due to its symmetrical nature, and just drop-dead gorgeous. Dixon captured this image using a DJI Inspire One Pro drone.

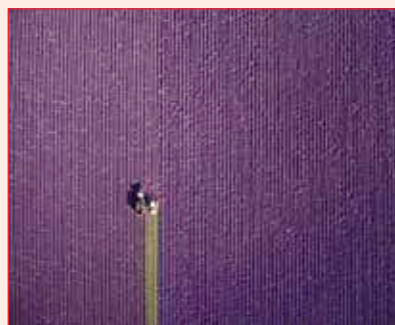

Image credit: Jerome Courtial | Dronestagram

← This drone shot was chosen as the winner of Dronestagram's 2017 awards. The image was shot in Valensole, France and shows a purple field (which must be tempting to UFOs) in the process of getting a trim.
