

Those tempting BGMI codes are all fake!

If you're looking to browse the internet for BGMI redeem codes, you'll find a ton of offers wherever you look. However, as tempting as they might be, steer clear of them as these promotions are fake. As of now, there are no redemption centers in India for these BGMI redeem codes.

'PlayerUnknown' working on new survival game

Brendan Greene has left PUBG Corp. and has moved on to starting a new game studio based in Amsterdam, Netherlands. Back in 2019, Brendan shared a mysterious teaser for an upcoming project 'Prologue'. He has revealed more about 'Prologue' and his future plans in a teaser video.

BGMI permanently bans 59,247 accounts

Krafton Inc., the developer of Battle-grounds Mobile India has announced that it has permanently banned 59,247 accounts between September 10 and September 16. The offending accounts were caught using illegal programs via the developers' security system and community monitoring.

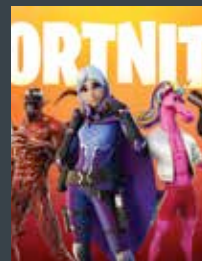

Ubisoft is making a TV series now?

Yes, you heard that right. Ubisoft - the game studio - has partnered up with Bing (a new streaming platform dedicated to delivering premium entertainment for gamers) to make a live action version of its already popular Driver video game franchise. The Driver series will be produced by Bing's Vincent Talenti and Allan Ugnar who apparently are the same guys who made the Uncharted live action fan film in 2018 that went viral very quickly.

Apple refuses to allow Fortnite back

Last year, when Epic announced that players will be able to make direct payments on Fortnite, Apple retaliated by banning the game from the App Store. Now, even with an anti-monopoly law passed in South Korea, the tech giant is refusing to reinstate the game. South Korea made global headlines when it passed a law that banned Google and Apple from forcing tech developers to integrate their payment systems into their apps.

UP AND COMING

Far Cry 6

The sixth installment of the Far Cry franchise takes us to Cuba-inspired Yara, where we presumably take down the fascist dictator Anton Castillo. This will be the largest Far Cry to date apparently, so expect plenty to do.

Release date – October 7

Back 4 Blood

Back 4 Blood is the spiritual successor to Left 4 Dead that's being worked on by the creators of the OG game. Back 4 Blood features identical co-op gameplay with an added deck building element that wasn't present in the original game.

Release date – October 12

Age of Empires 4

The fourth installment in the Age of Empires series has been a long time coming, and will feature a lot of the mechanics that were present in the beloved Age of Empires II. Fans of the RTS genre like us probably can't wait.

Release date – October 28

TENTACLE: In 1993, Tetris became the first game to be played in space by Russian cosmonaut Aleksandr A. Serebrov.
