C

ars have always been a huge part of pop culture, especially Hollywood.

Whether it's movies looking into the future, or looking into our past, cars are just as important a prop as costume design when it comes to making it all believable! Since Geek-key is our way of giving you a shortcut or a cheat sheet into a world of geek culture that you may not have explored before, we're using this article to list some of the most iconic cars in pop culture history. If ever the topic comes up whilst chatting with friends, you'll now know what they're talking about and be able to chime in as well!

TOYOTA AE-86 SPRINTER TRUENO, INITIAL D

Due to its performance on the road, the AE86 (or hachiroku in Japanese) is considered one of the classic vehicles that opened the path for street racing in Japan. However, it gained true cult status a few years later when it was included in the enormously popular Japanese comic book series Initial D, which was based on the legendary driver

Keiichi Tsuchiya. It's one of the most iconic cars on this list.

MINI COOPER, ITALIAN JOB

Mini Coopers have their allure, but The Italian Job elevated them to cult status. The escape vehicles come in

three colours – red, white and blue – and are powered by a four-cylinder 75-hp engine that can reach a peak speed of 97 mph.

ELEANOR (FORD MUSTANG GT 500), GONE IN 60 SECONDS

This Dupont Pepper Grey 1967 Ford Mustang fastback is represented as

a Shelby GT500 named Eleanor in the 2000 remake.

THE DEVIL Z, WANGAN MIDNIGHT

Without a doubt, Nissan has built a car that will endure the test of time. Fair Lady Z is a vehicle that radiates

confidence in its svelte appearance and performance. When you see Wangan Midnight, you get a peek of exactly how solid and dominant the car can be when it's fully loaded.

ASTON MARTIN DB5, GOLDFINGER

The 1964 Aston Martin DB5 that 007 drove in Goldfinger and Thun-

derball is a 4 litre luxury British Grand Tourer (GT). Many males who are 40+ now had posters of this on their walls.
