SKOAR! College Gaming League spotlight **Vidyalankar Institute of Technology**

By Team SKOAR! | feedback@skoar.in

Arun Yadav, Head, New Initiatives, barrelled into the SKOAR! offices last week, saying, "At SCGL our mission is to provide a structured environment where college gamers can come to connect, explore, win, play a part, and be themselves through the gaming experience." Admittedly, he was met with some quizzical expressions from the team, until he followed up with, "We are excited to partner with Vidyalankar Institute of Technology and look forward to creating a vibrant student gaming community."

Vidyalankar Institute of Technology joins the battle!

Vidyalankar Institute of Technology is the first college to join SCGL and also the first college to establish its own eSports club. VIT Faculty Coordinator, Prof. Yash Shah, had this to say about being the first college to establish an esports club, "In recent years, eSports has been the up and rising talk of the town. It gives me immense pleasure to see my institute to be one of the first ones to officially promote eSports in collaboration with Digit. I hope this collaboration will lead to

**"It is high time
to think of
gaming as a
serious
business and
professional
career."**

more and more students getting interested in eSports and open doors to new-age career options."

Chief Academic Officer, Dr. Saurabh Mehta, also added, "It is high time to think of gaming as a serious business and professional career. In earlier days, gaming used to be a medium of entertainment. In recent times, the gaming industry has been one of the fastest-growing sectors in India. It is attracting the best talent in India. I may suggest young budding engineers taking gaming not just as entertainment but as a rewarding career choice."

When does the SCGL begin and how can you register?

The first SKOAR! College Gaming League Tournament is scheduled for November 2021. It will be digitally hosted and streamed on the SCGL YouTube channel. Only college students of India will be allowed to participate in this tournament. They can register for the tournament via the SCGL website, (scgl.digit.in) and block their slot. For more information and regular updates, join the SCGL Discord at [digit.in/scgldiscord](https://discord.gg/scglindia). *
