KEY FACTS

Launch Date	25th Dec, 2021	
Launch Vehicle	Ariane 5 ECA	
Mission Duration	5-10 years	
Total payload mass	Approx 6.2 tonnes	
Diameter of primary Mirror	6.5 m	
Clear aperture of primary Mirror	25 m ²	
Primary mirror material	Beryllium coated with gold	
Mass of primary mirror	705 kg	
Mass of a single primary mirror segment	39.48 kg for one Primary Mirror Segment Assembly
